### The Next Generation of Radioactive Decontaminants

LTI047

LTI016

LTI030

Reasons to use S4FE-D Decontaminant Hand Soap every time you wash your hands:

- Will not dry your hands like ordinary lab soap
- Fresh, clean scent
- Economical & convenient
- Touch-free wall mount dispenser
- Meets the intent of ALARA
- Removes contamination every time you wash

When you use S4FE-D Decontaminant Spray the difference is clear:

- Will NOT cloud lead glass
- Safely decontaminate Syringe Shields & L-Blocks
- Removes dirt, dust, oils and grease as well as Radioactive Contamination
- Used regularly it provides a protective barrier that aids in subsequent cleanup
- Very mild, pleasant scent
