

## Printers for CRC25R & 55T Dose Calibrators and Caprac Wipe Test Counters

**Epson Roll Printer** is a sturdy, high-quality printer provides graphic output with wipe reports, showing the peak energy range of the nuclides on the wipe. The printer utilizes a black/red ribbon to report wipes that are higher than the trigger levels for contamination.

**Abnormal values are printed in red for easy/fast identification.**

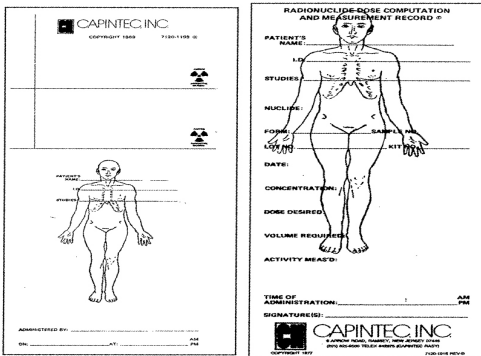

- 5430-0058 Epson Roll Printer
- 9282-0009 Paper Rolls, 12/pk
- 2001-0055 Printer Ribbon, Red/Black

**Epson Ticket Printer** allows individual tickets to be positioned easily for printing. The printer automatically aligns the ticket and after printing feeds it out the back. Although designed for tickets, standard paper can be used and is printed along one side.

- 5430-0100 Epson Ticket Printer
- 2001-0058 Printer Ribbon

## RescueDose RescueDose Automated Medication Dispenser

### Key Features

- Full automation of the syringe filling process
- Allows dilution & refill
- Small footprint
  - Fully adjustable
  - Easily fits into any laminar chamber
- Fully integrated with NMIS software

### Advantages

- Precision
- Accuracy
- Tailor made solution
- Speed
- Safety
