## Radial Arm Support

### Model: NMC-850

- The curved support base provides stable positioning and enables use on radius style imaging surfaces
- Prevents arm & shoulder discomfort during prolonged imaging
- Patient comfort is assured via the soft coated foam surfaces
- Maintains shape during use and does not drag during table movement
- Provides total head, arm, and shoulder support
- Includes reusable head support
- Seamless & liquid proof design
- Fast and easy to clean
- MRI Compliant
- Arm Support Dims: 21"W x 12.25" D x 9.4" H
- Head Support Dims: 8.8" W x 10" D x 2.5" H
